IEPA

**IEPA is an international network for those involved in the study and treatment of the early phases of mental health disorders encompassing a trans-diagnostic approach.**

## About IEPA

IEPA Early Intervention in Mental Health has its origins in the paradigm shift in psychosis services that began in the 1990s, and now extends the early intervention approach to all areas of mental health.

IEPA welcomes members from all fields of endeavour and encourages diversity in the countries of residence, professional backgrounds, and levels of expertise and interest of its members.

The IEPA hosts an international conference every two years, providing an excellent opportunity for sharing experiences and exchanging ideas.

Membership is currently free and open to all individuals with an interest in the area of early intervention in mental health.

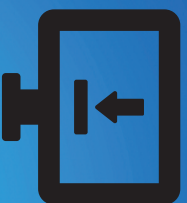

For more information about the conference, see the IEPA conference website [www.iepaconference.org](http://www.iepaconference.org)

## Membership Benefits

Membership keeps you connected with your peers and up to date in a range of early intervention research, service developments and opportunities.

**Membership includes:**
